Mr./Ms: _____

That he/she understands as an indispensable condition to be able to receive the scholarship that could be granted, in order to study in one of the ISDE programs, that he/she has to comply with the conditions listed below; as well as that the non-fulfillment of the same will entail the cancellation of the scholarship.

In particular:

- Make their best efforts to participate in academic and institutional initiatives promoted by ISDE, which in no case will interfere with the fulfillment of the main academic obligations.

And, in general, all the conditions established in the General Academic Regulations for ISDE Students.
